

# Naomi Elizabeth Céspedes Rodríguez

Frontend Developer

I am an enthusiastic, responsible programmer and willing to learn more every day. I have the desire to belong to a team to contribute all my knowledge. I love taking advantage of every moment and space available to continue increasing my learning. I seek to improve my way of working as a team and solve problems with the correct use of the software.

## Education

08-2017 - 2019-06	<b>Colegio Gregorio Hernández</b> <i>Professional technical bachelor in computer science</i>
09-2019 - now	<b>Instituto tecnológico de las Américas (ITLA)</b> <i>Software Development</i>

## Projects

2021	<b>App web: Always Vacant</b> <i>Frontend developer</i>  Web app, developed as team project which consists of a job board focused on the Dominican Republic, the Frontend was built with the Angular framework. I worked as well in this team as Frontend Developer.
2020	<b>Desktop System: Naeliza's Hospital System</b> <i>Developer</i>  It is a desktop system developed in C#, designed for health centers, like the hospitals, it implements the pillars of Object-Oriented programming and is structured by layers for better development.

## Certificates & Courses
